RFQ 26-01
Dig Afognak Cabin Completion

Kodiak Island Housing Authority (KIHA) is soliciting quotes from qualified contractors to provide labor, transport, and installation services for the completion of two seasonal cabins located on Afognak Island on behalf of the Native Village of Afognak (NVA). The original cabin structures were purchased as prefabricated kits through Spenard Builders Supply. Additional material packages for insulation, sheathing, and siding are also available through Spenard; however, contractors are not required to use Spenard-supplied kits.

Contractors shall provide and install materials that are compatible with the existing structures and suitable for Alaska climate conditions.

The intent of this solicitation is to obtain written price quotations from qualified sources in accordance with Small Purchase procedures under 2 CFR 200.320.

1) SCOPE OF WORK

a) The selected contractor shall:

- i) Provide all labor necessary to complete insulation, vapor barrier, interior sheathing, siding, trim, deck staining and exterior painting as described below.
- ii) Transport NVA-supplied insulation, sheathing, and siding materials from Kodiak to Afognak Island.
- iii) Provide all tools, scaffolding, generators, fuel, fasteners, and incidental materials necessary to complete the work.
- iv) Coordinate scheduling with KIHA and NVA to meet required completion deadline.
- v) Maintain clean and secure work areas and properly dispose of all waste.
- vi) Remove and replace stored contents within the Black Bear cabin as required to complete work.

b) Project includes:

- i) Caribou Cabin (20' x 16')
 - (1) Install insulation in 2x6 framed walls (R-30 minimum)
 - (2) Install Vapor barrier
 - (3) Install ceiling insulation
 - (4) Install interior plywood or OSB wall sheathing
 - (5) Install ceiling sheathing
 - (6) No interior finishing or painting required
- ii) Black Bear Cabin (20' x 24')
 - (1) Install insulation in 2x6 framed walls (R-30 minimum)
 - (2) Install Vapor barrier
 - (3) Install ceiling insulation
 - (4) Install interior plywood/OSB sheathing
 - (5) Install exterior siding (T1-11 or better)

- (6) Install cedar trim at corner boards, windows and doors
- (7) Provide 55gal fuel drum
- iii) Paint and staining
 - (1) Provide and apply exterior paint using Valspar brand, color: Dark Burgundy
 - (2) Deck stain shall be Flood Pro Series, color: New Redwood
 - (3) Building stain shall be Flood Pro Series, color: Barn Red
 - (4) Contractor shall verify condition of any existing paint on site and assume new material required
- iv) Elder Cabin
 - (1) Construct a small interior partition wall to create a designated Honey Bucket stall
 - (2) Location: immediately to the right upon entry, in the existing corner
 - (3) Wall shall be framed and sheathed using plywood or OSB to match other interior finishes
 - (4) No door required; space will accommodate curtain installation by others
- c) Worker lodging is available on site; contractor shall provide food and fuel (minimum 30 gallons diesel for oil drip stoves).
- d) Work must be completed no later than June 12, 2026.

2) ADDITIONAL ALTERNATE WORK

- a) Contractor shall provide a separate price for the following work
 - i) Install heater (provided by NVA)
 - ii) Install stove pipe system (provided by NVA)
 - iii) Purchase and install fuel tank
 - iv) Construct fuel tank stand suitable for site conditions utilizing 55-gallon drum
 - v) Ensure installation meets manufacturer requirements and safe clearance standards
- b) Contractor shall include all labor, fittings, and incidental materials necessary for a complete and functional installation.
